

Rolling Presentations

AUDIO AND VISUAL AIDS GUARANTEED TO IMPRESS

Dazzle your audience with dynamic "rolling presentations" that are guaranteed to captivate. Our broadcast quality rolling presentations are ideal for all public displays such as plasma screens, projection and holographic glass solutions.

A full armada of technologies will be at your disposal including professional video and sound production and 3D Animation.

Contact us for further information and for details on our custom solutions, specifically for retail outlets, pub and club environments which allow real time information and graphical updates through an easy to use control panel.
